

ICT INNOVATION SUMMIT 2026

QuoteWise

Connecting Clients with Service Providers in Namibia

The Problem

Hard to Find Providers

Clients struggle locating verified local service providers quickly.

Slow Comparisons

Comparing rates and scope manually consumes excessive time.

Limited MSME Reach

Small businesses lack channels to consistently reach customers.

UNIFIED PLATFORM

Our Solution

One digital platform bridging client requests directly to service providers.

For Clients

Effortless quotation requests with transparent vendor options.

For Service Providers

Direct market access to expand client base across Namibia.

CORE CAPABILITIES

Key Features

Dual Portal Sections

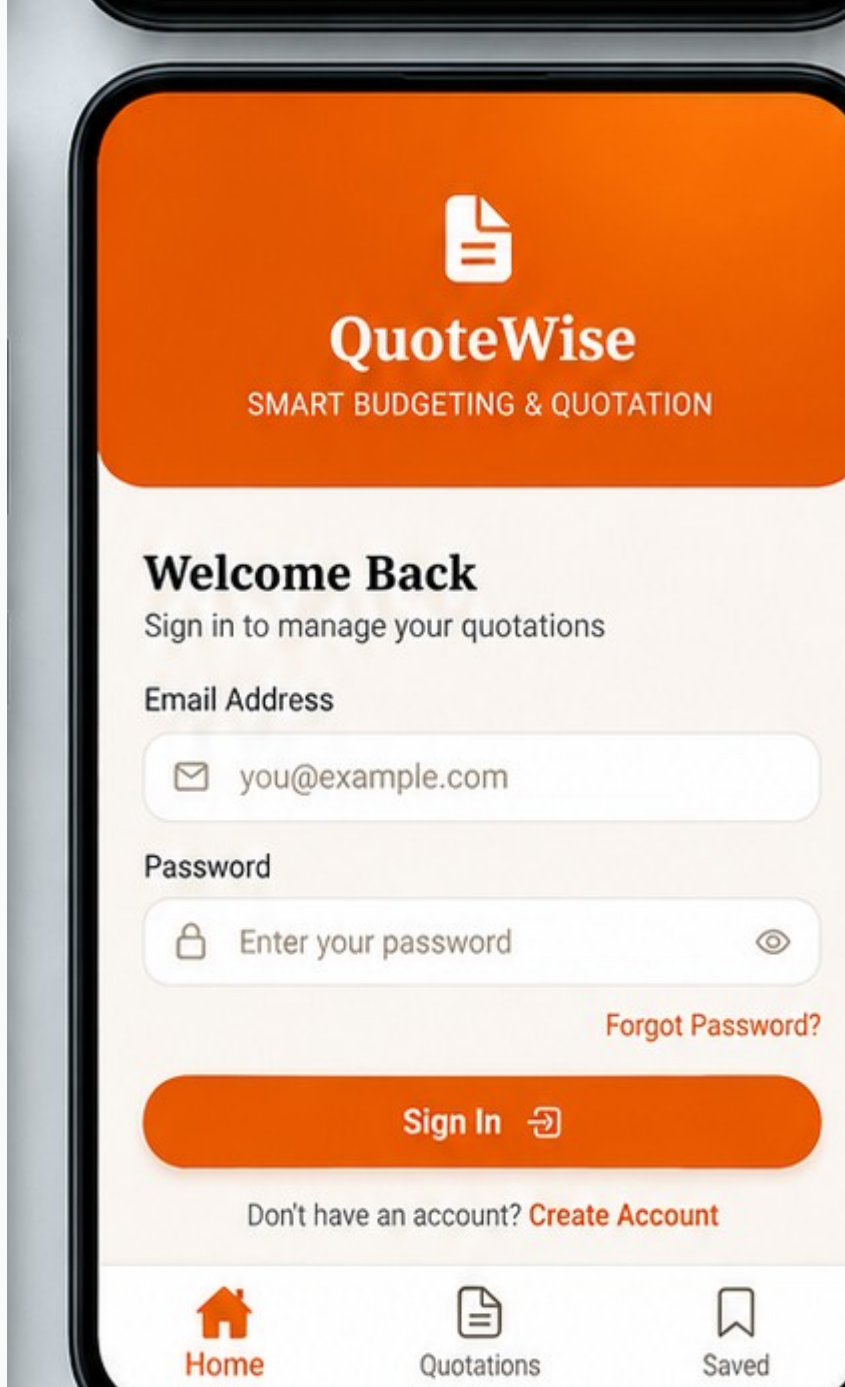

Tailored dashboards for clients and service providers.

User Authentication

Secure login, account management, and profile roles.

Quotation Management

Streamlined RFQs, communication, and offer tracking.

Innovation & Socio-Economic Impact

Digital Access

Leverages modern tech to simplify service discovery.

MSME & Youth Support

Empowers young entrepreneurs and emerging businesses.

Business Opportunity

Drives local revenue growth and active income creation.

Digital Economy

Strengthens Namibia's broader digital roadmap.

Business Model & Future Growth

Target Segment & Revenue

Target Users: Clients, service providers, and MSMEs.

Revenue Streams: Subscription tiers and transaction service fees.

Expansion Horizons

Geographic Scale: Phased expansion across all regions of Namibia.

Product Evolution: Continuous platform and accessibility upgrades.

Simplifying quotations while empowering business growth across Namibia.

QuoteWise ,Making connections easier, creating opportunities for growth.
